Coordinating Research and Evidence  
for Medical Devices

# WEBINAR

## ORTHOPAEDIC IMPLANTS AND EUROPEAN MEDICAL DEVICE REGULATIONS

Is there sufficient evidence for the safe use of new and established devices?  
Do we need to develop new methodologies for evaluation and monitoring?

**30** January 2023

17h00 - 18h15 CET

**Professor Rob  
Nelissen**

Leiden University /  
Secretary-General of EFORT

Moderator

**Professor Anne  
Lübbecke Wolff**

Universities of  
Geneva and Oxford

Clinical evidence for  
high-risk orthopaedic  
implants - Insights from  
the CORE-MD project

**Dr Keith Tucker**

Chairman, Orthopaedic  
Data Evaluation Panel  
(ODEP)

Improving the safety of  
legacy and new implants -  
The ODEP and Beyond  
Compliance initiatives

Project funded by EU Horizon 2020 program - Grant 965246
